

# MISSION AND VISION

KPFC's vision is that all families raising youth and children affected by behavioral health challenges will achieve their fullest potential.

KPFC's mission is to empower families affected by behavioral health challenges to initiate personal and system change.

## PEER SUPPORT

Using our lived experience to assist families in navigating their lives.

### TRAIL BLAZING

#### A CERTIFIED PEER SUPPORT SPECIALIST

is a person with lived experience that supports individuals and families that struggle with behavioral health diagnoses, substance use challenges, and other special needs. We empower individuals and families in articulating personal goals through the use of one-on-one and group sessions. During these sessions, the Peer Support Specialist assists customers in identifying personal goals and creating individualized plans which use their own skills, strengths, supports and resources.
